Traveling - Photo - Video - Creator

The essence of nature serves as my muse, offering creative sustenance whether I'm soaring through the air with drones or delving beneath the surface with a diving case. I am captivated by the fluidity of movements and the depth of emotions. Fueled by my profound passion for both nature and sports, I embark on a global journey as a photographer and videographer, weaving visual tales that traverse the world. My lens captures not only the beauty of landscapes but also the essence of experiences, crafting content tailored for hotels, Airbnb, and brands. Take a moment to immerse yourself in my portfolio, and feel free to propose a challenge to me. For, in every task, I find an opportunity to unravel solutions to yet-unexplored possibilities.

# RECOMENDATIONS

**"Eric and Maiké were phenomenal to work with! We have a very high standard for the type of content we put out on our social channels and were thoroughly impressed with the videos and images they produced.**

**We had them stay at Free Cerveza Hostel for about a week, and in that time, they were able to capture some stunning images and video footage that truly captured the atmosphere of our hostel and Lake Atitlán. We're so happy with the work that they've done and highly recommend them to anyone looking to elevate their online presence with professional and creative content. A 10/10 experience, and we would absolutely work with them again."**

## IN THE COSTA RICAN JUNGLE

---

We, as Top Trails Corcovado's team, are writing to express my sincere appreciation for the collaboration we had with Maike Rosenberger and Eric Wittkopf during our recent adventure tour. It was indeed a pleasure to work alongside such talented photographers.

As a tour operator, we understand the importance of capturing the essence of our tours through compelling visual content, and Maike and Eric exceeded our expectations. Their creativity and keen eye for detail resulted in beautiful photographs and videos that truly captured the spirit of the authenticity of Corcovado's primary forest that we always want to transmit to our clients.

LIVE  
YOUR  
PURPOSE.

The media content produced by them has become a very useful asset to our marketing efforts. The high-quality visuals they captured have helped to improve our promotional materials and online presence, positively impacting our brand image.

We recommend Maike Rosenberger and Eric Wittkopf for any future collaborations or projects related to photography.

Thank you once again for the nice collaboration, and we look forward to the opportunity to work together sometime in the future.

Sincerely,  
Top Trails Corcovado, Costa Rica
